My very briefly biography []

I am RIZA DOLAMA.

I was born in DOLAMA village of Urmu's city of Iran's country.

My birth date is fist August of year 1956, and (10th Mordad of 1335 solar).

I got Electricity Diploma.

And I married with my uncle's daughter. I loved her very much.

My father was a builder, I worked with him and I became also a builder.

We began our life from zero.

We had two sons and one daughter.

I loved them very much. I was their father and also their friend.

We had garden in village and home in Urmu's city.

I had always some series of short-term and long-term goals for my life.

I very seriously was trying to reach to my goal, in my life.

If I reached to my goal, I was thanking to my victory.

If I no reached to my goal, I knew my defeated a victory, and I thanked to it

I had hated from, **stick**, **knife**, **weapon**, **controversy**, **wrangle** and **war**.

I always was thinking to world peace.

In vacation and holy days, I was going to top of regional highest mount (Mah Mount) with my road bicycle.

My name means satisfied, and I am also satisfied and submitted.

I am equally Satisfied to all individual and social good and bad events.

I am equally satisfied from people in every race, gender, language and every nationality, and in every materialistic and religious ideologies.

I was saying to my friends and families and to people that,

I will unify all countries, all paths and all languages of world.

I will design world society, and countries of world society.

I will design capital city and Admin building of world society.

I gradually began to write something

about unifying of countries, paths, and languages.

I drew some shapes about administration building of world society.

A day in evening I went to home, my mother told:

Islamic Path's officers came to home,

and they took all of your writings themselves. ([Riza Satisfied](#))

My very briefly biography [] []

After a year, Islamic Paths's officers also arrested me, and they took me to Tehran's Eviyn Prison.

And in Tehran's court, Islam's leaders forcibly induced me I denied my writings, and I wrote repentances several times.

And then, Islam's leaders took me to Urmu's jail.

And in Urmu's court again they forcibly induced me I denied my writings and I wrote repentances several times.

And finally, Islam's leaders made sure that, I am no dependent to any domestic and foreign, religious, and political groups. And I am not opponent and enemy of any person and any group. So, they sent me to Workers Jail.

Workers jail was out of prison.

In worker jail, I was working a week for Islamic Regime, and a week I was free.

In workers' jail, I wanted escape from Iran to foreign.

1% was possible I can escape from Islam's leaders, and 99% probably they jail me again for guilt of escaping from jail.

Finally, in year of 2009 Christian, and 1388 solar, I could escape from Iran to Turkey. And I became refugee of United Nations organization. And I stayed in Turkey about four and a half years. And then United Nations sent me to Canada.

During of my living in Turkey and Canada I wrote:

([Riza Satisfied](#))

1: (1) Soon, peace is established in world, and all war's flames are turned off. and this is to benefit of each man and each woman in world.

Maybe a few people also, become against of peace. I hope each person, to know own family **də** members of World Society, and try to establish peace in world.

1: (2) Soon, all of between countries' borders are deleted.

And whole world is belonged to each man and each woman in world.

And this is to benefit of each man and each woman in world.

And maybe, some fanatic to country people, become against of world integration.

Soon or late, we will know that, for security of one-by-one people of world is required to be deleted borders and weapons of borders.

1: (3) Soon, a "new version" of "Main path" or "Source path" is supplied and is offered to each man and each woman of world that:

1-All of current paths of world, are from same "main path" or "sours path" that, in length of history a part of that main path was revealed to prophet of each time. And prophet of each time, has guided, and has managed, people of own period with that part of "main path".

2-In this era, "New version of path" is supplied and is offered, with name of "Peace Book", for people of "World Society".

3-We know that, one God has sent all of **də** Prophets.

And prophets weren't and aren't against each other as a hair size.

4-But followers of all paths and religions, are against of each other, and killing each other, why?

Because, they are carrier of negative adjectives, and their movement direction are against of **path**, **prophet** and **God**. And also, they no know that.

1: (4) Soon, biggest and highest building of world will be established that:

It is "Administration Building" and also "Holy Place" of "World Society".

And white color flag, above "Administration building" is symbol of "Unity", "Security" and "Liberty" of each man and each woman of World Society. And all plans of "Administration Building" have been designed, calculated, and planned, and it is ready to built.

1: (5) Then an easy, simple, regular and perfect language will be established that:

1-Each letter has only a shape, a sound and a pronunciation. And pronunciations of all letters are regular.

2-All verbs in different tens are regular.

3-All plural nouns, are with regular form.

4-All known and unknowns in different tenses are regular form.

5-Each letter, verb, noun, and word, somehow is written, correctly is pronounced like that, and somehow is pronounced is written like that.

6-All counter and ordinal numbers' shapes and pronunciations are regular form. So, we all to know **də** "world society" our family, and we use from easy, simple, regular and perfect international language.

1: (6) In World Society, instead of all Multiple, different and irregular Measurement Units, will be used from one easy simple and regular, Measurement Unit, based on "Mil".

For measuring of Length, "MiL-Lent".

For measuring of Area "MiL-surf".

For measuring of Cubic, "MiL-kub".

For measuring of Weight, "MiL-germ".

And this is to benefit of each man and each woman in world.

I perfectly have explained **də** "Measure Units", in international language book. (RIZA Satisfied)

2: Best and perfect explanation of **Mankind**, **Human** and **Adam** from primitive societies till technology era.

2: (1) Definition of **Mankind**:

1-**Mankind** no knows the **Science** and **Civilization**, and **politeness**. politeness means our aware mind, considering to our society's customs related, whether it become good or bad.
People of among of forests, and villages far from civilization are mankind.

2-**Mankind** is a man or woman that, has **some** or **all of negative adjectives**. (anger, greed, lust, egoity, bias, dependence).

3-**Mankind** thinks and acts like animal, **Mankind** is **dangerous** as much as **animals** no more.

4-**Mankind** sometimes unknowingly thinks and acts, worse than animal, and becomes a little **dangerous** than animal.

5-**Mankind** has all of **negative adjectives**, also **intellect**, but no has facilities like **wealth**, **power** and **rank**.

6-**Mankind** is like a little snake, its food is less, its poison is less and its harm is less.

2: (2) Definition of **Human**:

1-**Human** knows the **Science** and **Civilization**, and **politeness**.

2-**Human** is a man or a woman that, has **some** or **all of negative adjectives**.

3-**Human** is responsible of own thinks and acts, also is Religious and materialist.

4-**Human** if unknowingly think and act bad, it becomes a **little dangerous** than animals.

5-**Human** if knowingly think and act bad, it becomes very **wilder** and **dangerous** than animals.
If leader of **a country**, **a group**, **a party**, **a scientist**, **a writer** knowingly **think** and **act bad**, he or she creates **division**, **war**, **killing**, **destruction**, **ruin**, **rape**, and **disaster**.

6-**Human** that has all of **negative adjectives** and also **intellect**, and facilities like **Wealth**, **Power** and **Rank**. This human is captive and slave of **wealth**, **power**, **position** and he or she applies **Materialistic Deja** and **Religious Deja**.

7-**Human** blames his wrong thoughts and actions on others. He accepts his mistake with force and evidence.

8-**Human** puts his or her foot on head and tail of every person and criticizes and slanders and if others criticize him or her, he or she says, you insulted me. (From these criterias, you can notice, you or others, **human** being)

2: (3) Definition of **Adam**:

1-**Adam** knows the **Science** and **Civilization**, and **politeness**.

2-**Adam** is a man or woman that, knowingly had put and have put away own negative adjectives. And he or she lives among of **Mankinds**, **Humans** and **Adams**.

3-**Adam** is responsible of own thinks and acts. Adam no is fantastic and department to any religious and materialistic ideology.

4-**Adam** knowingly no thinks and acts bad.

5-**Adam** if knowingly thinks and acts bad quickly wants pardon. Its proving no need to force and evidence.

6-**Adam** no puts foot on head and tail of others, no upset for critic, no know the Critic an insult.

7-**Adam** knowingly has put away own negative adjectives, and his or her **intellect** is **wise**. Adam no is captive and slave of **Wealth**, **Power** and **Rank**. Adam is **aware**, **free**, **glad**, **rich**, **drunken**, **AMAZE**, **submitted**, **safe**, **satisfied** and **illimited**.

2: (4) **Result**: In this world, we have to plant, produce, provide services and transform, for survival of our physical body. And it hasn't relevant we become **Mankind**, **Human** or **AdAm**.

Mankind, **Human** and **AdAm being**, are process of creation, and all of us mandatorily experience these three period with different human bodies, in different worlds. (Riza Satisfied)

3: (1) We all religious and materialists have lost **də** our “**inner treasure**”.
We go follow of each thing and each person and we get them.
But those no make us **də** glad and satisfied.

1- I told, to my religious and materialist classmate that:
Are you glad and satisfied from your life?

He told to me: Mr. Riza is this life that, do we have?
Life of Dogs and Cats are better than our life.

2- I told, to my religious and materialist classmate:

- 1- Are dogs and cats' women and children healthier and beauter than your woman children?
- 2- Are dogs and cats' Willas, better _____ than your Willa?
- 3- Are dogs and cats' jobs better _____ than your job?
- 4- Are dogs and cats' gardens bigger and better _____ than your garden?
- 5- Are dogs and cats' cars better _____ than your car?
- 4- Are dogs and cats' monthly salary more _____ than your monthly salary?

3- We go follow of each thing and each person and we get them,
but those don't make us **də** glad and satisfied.

1- We follow different paths, religions and prophets,
but they can't make us **də** glad and satisfied.

2- We follow different political, nationality, literacy and artistic characters,
but they can't make us **də** glad and satisfied.

3- We follow different kinds of fashions, customs,
beard and veil and tattoos but they can't make us **də** glad and satisfied.

4- We follow different kinds of sciences, jobs and ranks,
but they can't make us **də** glad and satisfied.

4- If we find thousands of our different lost,
if we no find our inner and original lost, our life will be like dogs and cats' life.

I recommend and suggest 3 “**universal laws**” equally to each religious and materialist that,
knowing of these laws make us **də aware, free, glad, safe, satisfied** and **illimited**.

(Riza Satisfied)

3: (2) We Religious and Materialists no know the “Laws of this world”, and we no can enjoy from world and life.

- 1- If we know, we are our clothes and bodyies, we become a little limited, if no we become a little rescue.
- 2- If we know, we are our litrate, science, religious and materialist beliefs, ... we become a little limited, if no we become a little rescue.
- 3- If we know, we are our historical, cultural, political and economical beliefs, we become a little limited, if no we become a little rescue.
- 4- If we know, we are our family, neighbor, nation, language and country, ...we become a little limited, if no we become a little rescue.
- 5- If we know, we are our customs, kind of food, dress, garnish and kind of fashion, we become a little limited, if no we become a little rescue.

6- We must love and care all of our belongings, and no be fanatic and dependent to those, and we must know that soon or late God will take all of our belongings from us.

1- “Fist world’s law” Says:

In this world any person absolutely no is owner of any thing and any person.

So: Because of, any person no is owner,

we become equally satisfied and glad for having and no having of each thing and each person.

2- “Second world’s law” says:

Absolutly God gives and takes de each thing and each person.

So: Because of, God absolutely gives and takes each thing and each person,

we become equally satisfied and glad for having and no having, less being and more being of each thing and each person.

3- “Third world’s law” says: In all universe, God absolutely is General designer, and God creates illimited events in a moment, in different qualities and in different quantities, in different forms, with extreme accuracy.

So: Because of, God absolutely is factor of each good and bad events,

we become “Submit” to each good and bad events,

we become equally satisfied and glad for having and no having of each thing and each person and each good and bad event.

1- “First world’s law”: God is owner. We no are owner of anything and any person.

2- “Second world’s law”: God gives and takes. “Justice is ruler”.

3- “Third world’s law”: God creates and destroys. Anything and any person no is blame.

Result:

After knowing of “Law of this world”,

we become equally satisfied and glad to having and no having of our belongings.

We become aware, free, glad, safe, rich, satisfied, illimited and “nothing” each moment.

This is the same finding of inner treasure. (Riza Satisfied)

3: (3) I say an example for better knowing of “inner submit”.

1- As that in a big factory from entrance of factory materials under observing of, personnel, and managements, designers, directors, architects, engineers, workers, and different machines, change to “different qualities”, “different forms” and “different pieces”.

And again, and again, these “have been changed materials”, combining with other materials. Till materials convert to “some special productions”.

Finally, “special productions” are produced to required places.

1- **Materials** don't know why they convert to different “qualities”, “forms” and “pieces”?

2- **Materials** don't know why they “combining with other pieces”, several times?

3- **Materials** don't know what is “final production”?

4- **Final product** don't know for “what purpose” those were made?

If Materials be converted to an aircraft, they don't know they are an aircraft.

If Materials be converted to a submarine, they don't know they are a submarine.

Only designers and makers of a production, know purpose and goal of a production.

2- Only “**General Designer**” knows purpose and goal of our bodies, our senses, our thinks, our speeches, our actions, our invention and our discovers.

And also “**God**” or “**General designer**” knows purpose and goal of all events and creations.

So, we also, like materials become, **inner submission** to God.

Inner submission brings to us, **awareness**, **gladness**, **freedom**, **safety** and **illimitation**.

3- **Question**: So, human also like materials and planets and animals no have any authority? Yes, human no have any authority. Think, talk, act, is under “**Authority and freedom instinct**”

Analyzing and combining of materials are created via “**Material instinct**” by “**God**” or “**Nothing**”.

Growth and rottenness of planets are created via “**plants instinct**” by “**God**” or “**Nothing**”.

Birth and growth and death of animals are created via “**animal instinct**” by “**God**” or “**Nothing**”.

And our inventions, discoveries and relationships are created via “**Authority and freedom instinct**” by “**God**” or “**Nothing**”.

And Each good and bad think and action of we humans are created via “**Authority and freedom instinct**” by “**God**” or “**Nothing**”.

Now, if I or you or each other person, say we have or don't have authority, it doesn't change anything. (Riza Satisfied)

4: (1) Where was “freedom” that, after thousands of years, we reached to it? Freedom was and is in our inner, we were or are searching it from out, from school, from society, from religious and materialist philosophers, from capitalism and communism regimes.

1-Where was “peace” that, after thousands of years, we reached to it? Peace was and is in our inner, we were or are searching it from out, from school, from society, from religious and materialist philosophers, from capitalism and communism regimes.

2-Why a few numbers of people could reach to peace, and freedom, in length of history, and trillions of people left this world and no could reach to peace and freedom?

Because, they no could put away own negative adjectives, till to reach to peace with own and with others.

Each person wanted to change **də** others, but this was and is impossible.

3- In our world, there are two kinds of jails, **outer gov's jail** and **inner our jail**.

1- **Outer gov's jail**: This kind of jail is in all cities of world, and people know it. Some men and women, in different ages, forms, crimes, right or non-right, for more or less time, they are always inside of gov's jails. People naturally are hated from jail.

2- **Our inner jail**: We men and women, politicians, sociologists, psychologists, astronomers, scientists and generally every person, are captured and jailed of **our inner jail**, and we no know it.

I, you and each other person, until we are crrer of negative adjectives, we are captured and jailed in **our inner jail**. If each time, we recognized and we put away our negative adjectives, we are rescued from **our inner jail**. Even if we be in **gov's jail**, we will be also free.

I own have experienced this. In Iran I was jailed in different jails and I had a hard life. Because of I no had negative adjectives, always I was enjoying from life. (Riza Satisfied)

4: (2) “Mind” and “Mind’s worlds” have been created based on duality and plurality. And negative adjectives of (anger, greed, boasting, bias, dependence and false pleasures) have been installed to us.

1-Mind and mind’s creations, are Reality, artificial and is. As that, our photo is a Reality and artificial and is. Our body also is Reality and artificial and is.

So, Photo and body and is, are our “Reality”, and “Nothing” and “God” is also, our “Factual”. We have created and create də reality.

2- Light is a phenomenon, Light no let darkness is being seen. If each moment Light be gone, darkness has been and is there. Mind and its intellect + negative adjectives it denies our original factual. Mind and its intellect – minus negative adjectives it notices our original factual.

3- When we are religious and materialist’s rationalists and we are carrier of negative adjectives, our intellect is tool of mind, and intellect is in function of mind, and mind is in function of negative adjectives. When mind is carrier of negative adjectives, it deceives and limits and involves us.

Our mind says your customs and religious and materialistic beliefs, are superior than others.

Example: “Country is an illusion”, and “war is also an illusion”.

- 1-Mind says: This part of earth is “your country” and this is your path here “country and path” is an illusion.
- 2-Mind says: You must “fight” for sake of your country and path here “war” is an illusion.
- 3-Mind says: You must “die” for sake of your country and path here “dying” is an illusion.
- 4-Mind says: You must “pride” for your dying, here “priding” is an illusion.
- 5-Mind says: You must know own “martyr”, here “martyrdom” is an illusion.
- 6-Mind says: Many people believe “this country and path” here many believes” is an illusion.
- 7-Mind says: Many missionaries “propagandize this country and path” here “many missionaries” is an illusion.

In this world, each man and woman pass through of religious and materialist rationalism with negative adjectives process.

Result: In lower worlds, “Factity” installs to us the negative adjectives, and it caught us in illusions of “Realities”. And although we have intellect, we continuously rescue from one illusion and caught by another illusion.

In Realities’s worlds, we experience the (illusions of reality) like anger, greed, lust, egoity, bias, and dependent, in during of millions of deaths and birth.

Finally: (1) We rescue from captivity of negative adjectives. (2) Our intellect become wise and we own become wisdom. (3) We notice that, bodies and phenomena are our “Reality”, God and Nothong is our “Factuity”. (4) In this step, we rescue from reality and death and births circle. And we reback to the soul worlds. In this world each man and woman pass this proses. (Riza Satisfied)
